

Historic McKay Avenue School Playground

~ *Children can and do find play everywhere they go, but a playground provides a sense of belonging.* ~

Downtown Edmonton business and community partners are building the first downtown community playground, on the grounds of Historic McKay Avenue School at 10425 99 Avenue.

The playground will provide much needed space for children to play and foster a safer, more attractive space for residents and the community at large.

Edmonton Police Service, Edmonton Public Schools, City of Edmonton, Downtown Business Association, Downtown Edmonton Community League, Manasc Isaac Architects, and 104th Street Committee are working together to raise funds for the **Historic McKay Avenue School Playground**.
